SUMMARY

Recent graduate Digital Content Creator with experience in everything from Video / Photography to Graphic & Web Design. Hoping to find a new creative opportunity with a fun team.

WORK EXPERIENCE

Game of Thrones / NI Screen - After completing an intensive course with NI Screen where I was trained to work on TV Sets as an Assistant Director I gained experience working on the set of Game of Thrones.

Ulster University Marketing - Working as a Video Producer in the marketing department to create social media content for a range of purposes such as promo videos for the university, videos promoting different courses / departments as well as interviews & event video / photography. Responsible for all stages of production from the filming and editing through to handling paperwork and organising the shoots.

Armagh GAA TV - Operating Cameras during Gaelic Football games for live streams, social media and analytics. Also operating cameras during live streamed pre-game panel shows.

Irish Football Association - I have worked on a number of projects with the IFA; one as an Assistant Director on a music video for the Women's Under 19 European Football tournament song with the other being a promotional video shot at Windsor Park for their new coaching course.

Fleming Fulton School - In late 2018 I worked as a Classroom Assistant in a disabled school with refugees. It was a change of pace from my usual jobs but a fantastic experience.

EDUCATION

- University** - Interactive Multimedia Design at Ulster University 2014-18
- Dean's List award recipient 2015
- A Levels**- Grade A ICT, Grade A Moving Image Arts, Grade C History.

SKILLS

- Camera Operating** - After 5 years of working as a videographer I have become a skilled Camera Operator. I have experience with Sony, Canon and Nikon cameras and operate a DJI Mavic Pro drone.
- Photography** - Experienced as an events photographer working at Award Shows, Graduation Ceremonies, Charity Fundraisers and Family Functions.
- Adobe Creative Cloud** - Proficient with the applications in Adobe Creative cloud, particularly Premiere Pro, Photoshop, Lightroom and Illustrator.
- Video Editing** - Strong video editing skills with years of experience using both Adobe Premiere Pro and Final Cut Pro X.
- Practical Knowledge of a Set** - Having gathered experience working as an Assistant Director on a number of jobs I know how to conduct myself on sets / shoots which both makes me ideal for roles on productions and has helped me better organise myself when it comes to solo shoots.
- Web / Graphic Design** - Studied Web Development and Graphic Design at university, since becoming skilled at creating graphics for videos, social media as well as posters/ leaflets.
- Personal Skills** - Excellent Attendance having completed seven years of High School with full attendance. I'm a great communicator with good organisational skills, able to thrive under pressure with the ability to work long and unsociable hours. I'm a great teamworker with the initiative and drive to work independently.
